TESDA CIRCULAR

Subject: **Implementing Guidelines on Provision of Special Technical Assistance for Program on Accelerating Farm School Establishment (PAFSE)**		Page 1 of 6 pages Number 56, series of 2016
Date Issued: 07 November 2016	**Effectivity:** 07 November 2016	**Supersedes:**

In the interest of the service, in order to assist in the promotion of sustainable Agriculture and Fishery productivity and rural development, by providing access to technical vocational education and training (TVET) at the countryside through the **farm schools**, the following implementing guidelines are hereby being issued:

I. Background/Rationale:

- About half of all Filipinos live in rural—farming or fishing—areas and 70 percent of the poor families in our country are rural. Data from the Philippine Statistics Authority (PSA) show that the poverty incidence among fishermen is 39.2 percent, and among farmers, 38.3 percent. The average income of Filipino farmers, whose average age is 57 years, is only P2, 300.00 a month, working on his 1.5-hectare farm. The younger generation, who saw their parents, grow old and poor in farming do not see agriculture as a lucrative career. Farming in the Philippines cannot support a family. There is no assurance that there will be "successor –farmers to take over the task of producing food for the growing population.

- Providing access to TVET thru the Agri-Fishery farm schools is one of the strategies in achieving the long term goal of rural development. This is also one of **TESDA's responses** in **President Rodrigo R. Duterte's** policy pronouncement that "It is my moral obligation to provide available and affordable food for my people".

II. Objectives:

- The general objective of the project is to **accelerate the establishment of farm schools in all municipalities nationwide.** This is ensure that poor farmers and fisherfolks, their families and relatives gained appropriate knowledge, skills and attitude in increasing the farm **productivity** thru **technology updates and entrepreneurial activities**, thus improving their economic status in life;

- Specifically, the project aims to **provide scholarship grants** to the farmers and fisherfolks, their families and relatives, extension workers and facilitators and trainers to assist the farm owners in building the capability and capacity of their farms thus increase productivity.

III. Scope/Coverage:

- The Guidelines shall be implemented in close coordination with the Department of Agriculture – Agriculture Training Institute (DA-ATI) and the Department of Agrarian Reform (DAR);

- To fast track the initial year of implementation of the project, all **accredited** Learning Sites (LSs), Schools for Practical Agriculture (SPAs), Extension Service Providers (ESPs) of the **DA-ATI** and the **identified** Farm Business Schools (FBS) and LinksFarm Sites (LFS) of the **DAR** shall be covered by this Circular;

- Other farm schools which are not accredited and identified by the DA-ATI and the DAR respectively, shall likewise be covered by this Circular; and

- Entrepreneurship training program shall be included in the scholarship grant. This is to educate the farmers on agro-enterprise and make them business-minded as well and increase their income.

IV. The Concept of Farm Schools:

- The concept of the farm schools is based on the Farm Field Schools (FFS) developed by the UN-Food Agriculture Organization (FAO) to help farmers become competitive and seize advantage of the opportunities in the market by operating their farms efficiently and profitably. The **focus is on the content** and not the training facility. The methodology is "**learning by doing**". The learning is from **'Farmer to Farmer**", and learning is **demand responsive and interactive**, and is **matched to the farm season**.

- The FFS consists of groups of farmers (20-25 in number) who get together to study a particular topic which vary from conservation agriculture, organic agriculture, animal husbandry, and soil husbandry, to income generating, etc. The FFS empower the farmers with knowledge and skills and attitude, sharpen the farmers' ability to make critical and informed decisions, provide opportunities for learning by doing, and teaches basic agricultural and management skills that **make farmers experts** in their own farms and **help farmers learn how to organize themselves** and their communities. The curriculum follows the natural seasonal cycle of the crop, animal, soil or whatever areas (e.g. ecology, sociology) to allow all aspects to be covered in what is happening in the FFS field. Schedules are flexible to fit it into current farming operations and follows local necessities and needs.

- To assist the Filipino farmers and fisherfolks to become competitive and engage in productive and sustainable agriculture and fishery programs, the Department of Agriculture-Agriculture Training Institute (DA-ATI) is currently implementing projects on the establishments of Learning Sites (LS), Schools for Practical Agriculture or Sanayan ng Pagsasaka at Adhikaing Agrikultura (SPA). Included in the project is the accreditation of Extension Service Providers at the National and the Regional level. The Department of Agrarian Reform (DAR) is likewise implementing projects on Farm Business Schools (FBS) and LinksFarm Sites. These identified projects are based on the above-mentioned concepts of the FFS.

V. Implementation Mechanics:

There shall be **levels** of implementing the scholarship program for the farm schools, depending on the size of the farms, as follows:

1. Marginal Farms – below 1 hectare
2. Small Farms – 1 to 2 hectares
3. Semi-Medium Farms – 2 to 4 hectares
4. Medium Farms – 4 to 10 hectares
5. Large Farms – over 10 hectares

(Data Source: Food and Agriculture Organization (FAO) of the United Nations: Asia Pacific Commission on Agricultural Statistics: file:///C:/Users/PC%20User/Downloads/APCAS-10-28_-Small_farmers%20(1).pdf)

A. Level I: Marginal/Small/Semi-Medium Sized Farms Schools

A.1 Program Registration

1. The DA-ATI accredited Learning Sites (LS) and Schools for Practical Agriculture (SPA) and the DAR- identified FBS and LFS are considered marginal/small/semi-medium sized farms.

As such, those interested to avail of the TWSP scholarship grants for training of farm workers, their family members and members of the communities shall register their programs with the nearest TESDA Regional/Provincial Offices (ROPOs).

2. The TESDA ROPO shall provide **technical assistance** to the farm-owner applicant and **facilitate** the issuance of Certificate of TVET Program Registration (CTPR), in accordance with the revised process cycle time (PCT) on program registration (TESDA Circular No.35 series of 2016**),** subject to **actual inspection** of the farm and the submission of the following requirements by the farm schools:

   - Letter of Application (Form No. TESDA-SOP-CO-01-F01 of the UTPRAS Guidelines, TESDA Circular No.35 series of 2016))
   - Valid Certificate of DA-ATI Accreditation for the LS and the SPA
   - Valid Certification from DAR for the FBS and LFS

3. The lists of DA-ATI accredited LS and SPA and DAR identified FBS and LFS are attached as part of this Circular for reference and guidance (Annex A). The list may be updated by DA-ATI and DAR as necessary. Thus, the Regional Directors are instructed to coordinate with their DA and DAR counterparts on the updated lists at least on a monthly basis;

4. Program registration of other marginal/small/semi-medium sized farms schools not accredited and identified by DA-ATI and DAR respectively, interested to avail of the scholarship funds shall likewise follow item A.1.2 above; and

5. Following the **concept of the FFS**, the CTPR, "With Training Regulations (WTR)" or No Training Regulations (NTR)" to be issued to the farm school shall be based on all existing and available units of competencies/cluster of competencies/qualifications **at the farm**, as these farms are integrated and multi-crop farms (e.g. horticulture, animal crop production, organic farming, aquaculture, etc.).

B. Level II: Medium to Large Size Farms Schools

B.1 Program Registration

1. The DA-ATI accredited Extension Service Providers (ESPs) at the National and Regional and are considered medium to large sized farm schools. ESPs are private groups (non-government organization, people's organizations and other private organizations) accredited by DA-ATI and currently doing the agricultural training and extension work for target clientele along the value chain (input suppliers, producers, traders, processors, consumers). (Source: DA-ATI Implementing Rules and Regulations on the Accreditation of Private ESPs);

2. The medium to large sized farm schools interested to avail of the TWSP funds, shall register their programs with the nearest TESDA Regional/Provincial Offices (ROPOs) in accordance with the Omnibus Guidelines on UTPRAS (TESDA Circular No. 07, series of 2016);

3. The TESDA ROPO shall provide technical assistance to facilitate the issuance of Certificate of TVET Program Registration (CTPR), in accordance with the revised process cycle time (PCT) on program registration (TESDA Circular No.35 series of 2016);

4. Program registration of other medium to large sized farm schools not accredited and identified by DA-ATI and DAR respectively, interested to avail of the scholarship grants shall likewise follow item B.1.2 and B.1.3 above; and

5. Entrepreneurship training program shall likewise be provided under this level.

C. Target Beneficiaries

1. Target Beneficiaries of the farm schools are farmers and fisher folks and their relatives up to the 4th level of consanguinity and members of the community of the farm school. The qualifications of beneficiaries shall be in accordance with the latest Implementing Guidelines of the TWSP;

2. All TESDA RO/POs shall coordinate with the DA-ATI and the DAR Regional/Provincial/Field Offices on the identification of beneficiaries with corresponding identified courses/programs to be conducted at the farm school; and

3. Beneficiaries shall entitled to free training and assessment.

D. Schedule of Cost per Unit of Competency/Cluster of Competency/Qualification

1. The schedule of cost for the farm schools shall be based on TESDA Circular No. 02 series of 2016 (TWSP) and TESDA Circular No. 13, series of 2014 (STEP) as appropriate;

2. Where the identified courses/programs of the target beneficiaries are not included in the above-mentioned TESDA Circulars, a new TESDA Circular shall be issued to cover the cost of such programs; and

3. The PAFSE Scholarship Grant Qualification Map (QM) (Attached PAFSE Form 01) shall be prepared by the farm school owner/administrator based on approved schedule of costs. The concerned ROPOs shall assist in accomplishing the QM. The QM shall be endorsed for approval by the TESDA Provincial Director, the Regional Director and the concerned Deputy Director General based on zonal assignment. Said QM shall then be forwarded to the PMO/ODDG for LGUs for processing and final endorsement for approval of the Director General.

E. Assessment and Certification of Graduates

1. Graduates of the farm schools shall be subjected to mandatory assessment depending on the Cluster of Competencies/Qualifications for WTR programs enrolled by the beneficiaries. Thus, assessment of graduates as pre-requisite to the payment of training fees shall likewise depend on the enrolled program/s of the beneficiaries; and

2. Assessment fees shall be charged to the TWSP funds and shall be based on TWSP Schedule of Costs (TESDA Circular No. 02 series of 2016 (TWSP); TESDA Circular No. 13, series of 2014 (STEP).

F. Funding Source

The special technical assistance program on PAFSE shall be charge to the Training for Work Scholarship (TWSP) funds.

TESDA CIRCULAR

Subject: Implementing Guidelines on Provision of Special Technical Assistance for Program on Accelerating Farm School Establishment (PAFSE)		Page 6 of 6 pages Number 56, series of 2016
Date Issued: 07 November 2016	**Effectivity:** 07 November 2016	**Supersedes:**

G. Availment of Scholarship Grant

Any grantee may avail multiple scholarship programs but not simultaneously. Availment of more than one (1) scholarship program however shall be related or value-adding to the first (1st) scholarship program in Agri-Fishery/Agri-mechanization sector and other related programs to improve the productivity of the beneficiaries and contribute to improvement of their quality of life.

H. Distribution Scheme of TWSP Scholarship Grant

The PO shall distribute the TWSP Scholarship Grant to the farm schools after the approval of the QM.

I. Administrative and Financial Procedures

1. A special allocation from the TWSP funds shall be allocated for the implementation of the PAFSE; and

2. Payment to the Farm School shall be made upon submission of the following required documents:

   a. Billing Statement;
   b. MIS 03-02 (Training and Employment Report) duly signed by the authorized signatories of Farm Schools;
   c. Daily Attendance Sheet (for the duration of the training);
   d. Certified true copy of RWAC for payment of assessment fess; and
   e. TESDA copy of the TWSP Scholarship Grant duly signed by the concerned officials

J. Monitoring and Evaluation of Reports

1. The monitoring and mentoring requirements of the PMO shall be observed which shall include the new Performance and Monitoring Report (BEDs and BFARs). Regular and timely submission of accurate and consistent data shall be strictly followed and shall be submitted on every 3rd day of the following month; and

2. The physical and the financial reports as reflected in the template shall always be consistent for correct and accurate reporting to oversight agencies.

This Circular shall take effect as indicated.

DA-ATI LIST OF LEARNING SITES; SCHOOL FOR PRACTICAL AGRICULTURE (SPA)

No.	REGION	COOPERATOR	LOCATION	BRIEF DESCRIPTION
1	CAR	Ms. Aquilina Saguilot	Nayon, Lamut, Ifugao	Integrated Farm
2	CAR	Ms. Jennifer Rimando	Sagada, Mt. Province	Arabica coffee-based
3	CAR	Ms. Teresita Pe	Tadian Mt. Province	Integrated Farm
4	CAR	Mr. Faustino Gamino	Alfonso Lista, Ifugao	Integrated Farm
5	CAR	Mr. Jose Sta. Maria	Peñarubia, Abra	Integrated Farm
6	CAR	Mr. Jefferson Laruan	La Trinidad, Benguet	Highland vegetables
7	CAR	Teodoro G. Kubao	Bulo, Tabuk City, Kalinga	An integrated farm with the following components: -Palayan -Palaisdaan -Gulayan -Farm animals -Halamanan -Vermi-compost -Mini-forest -Solar power -Holding area -Mini-dorm -CRs -Wash area Operates 4ha of land for production. Located 16kms, away form Tabuk City, Kalinag
8	CAR	Ronaldo Salvador	Quilat, Lanngiden, Abra	Crop rotation is being practiced (rice and corn) Rice is planted during the wet season while corn during dry season. The farm is diversified with vegetables such aas tomato, okra, malunggay, banana, pigeon pea, "Patani" along the dikes. The farm is also integrated with livestock framing (cattle, pig) which serve as added input source for making organic fertilizer. The farm has its small tilapia fishpond nearby
9	CAR	Melfran Duggay	Marag, Luna, Apayao	Crop rotation on native rice-corn--vegetable. Planted with mungbeans during fallow period as natural nitrogen enrichment of the soil when it decomposed. Integrated the farm with vegetables such as tomato, gabi, peanut, squash and pole sitao planted laong the dikes or boundary of the farm

No.	REGION	COOPERATOR	LOCATION	BRIEF DESCRIPTION
10	CAR	Zaldy Ringor	Marcela Sta Marcela, Apayao	The rice farm is integrated with vegetables such as squash, pole sitao and okra. The 1000sq meter farm devoted to cassava production is also integrated with squash. The farm area is planted/surrounded by fruits trees along the dikes such as coconut to serve as buffer against string winds. Planted with banana at all sides of fishpond area
11	CAR	Jaime Chumac	Caragasan, Alfonso Lista, Ifugao	Planted with rice(upland and hybrid variety) Integrated with "pinakbet" vegetables (okra, amapalaya, squash, sitao, eggplant)Planted banana along rhe dikes of the rice field as wind break and farm for farm diversification. Integrated with livestock such as pigs, ducks and chicken
12	CAR	Roger Guimmay	Kiling, Alfonso, Lista, Ifugao	Planted wih rice(upland and hybrid variety). Planted with fruit trees such as coconut and banana along the corner fo the field for wind breaks. Fishpond is integrated with vegetables as added source of income. Farm is also integrated with livestock such as native swine, ducks and chicken
13	CAR	Jacquelyn Sib-aten	Poblacion, Paracelis, Mt. Province	Planted with traditional rice varieties during wet season followed by planting lowland vegetable such as pechay, okra, eggplant, squash, pepper and other legunes like string beans and mungbeans. Established nursery for coffee and fruit trees that will be used for diversification farming. OCnstructed vermicomposting shed for compost production
14	CAR	Narciso Taluyan	Mabacca, Tanudan, Kalinga	Planted with traditional rice varieties (puriket, palawan, aringay, pinilisa). Planted with vegetables such as okra, ampalaya, onion leeks, patola, pechay and string beans. Integrated with livestocks (3 heads of goats and 2 heads of pigs) Constructed seedling nursery for fruit trees(marang and rambutan) 500 sq meter fishpond farming(tilapia)
15	CARAGA	Mr. Edgardo Madjos	Tagulahi, Anitongalon, Butuan	HVCDP
16	I	ATI-RTC I	Tabag East, Sta. Barbara Pangasinan	HVCDP
17	I	Mr. Ramon C. Reyna	Malabago, Calasiao, Pangasinan	HVCDP
18	I	Mr. Eduardo T. Aucena	Mermer, Manaog, Pangisinan	CORN
19	I	Mr. Loreto S. Aradanas	Moreno, Binalonan, Pangisinan	CORN
20	I	Dominga Unggay	Sitio Bajoes, Taigan, San Emilio, Ilocos Sur	After rice, the area was planted with eggplant and ampalaya. Water supply is the same as in Caduyungan. Due to higher elevation, there is low pressure of water from the river causing drought to the area.

No.	REGION	COOPERATOR	LOCATION	BRIEF DESCRIPTION
21	I	Genaro Maneja, Pacencia Alviar and Carlo Yanos	Sta Matilde, Pasuquin, Ilocos Norte	After rice, most of the area was planted with garlic and bottle gourd as hedgerow. Part of the area was planted with corn for PTD of FFS on Corn
22	I	Domingo Pambalan	Sitio Lipay, Taigan, San Emilio, Ilocos Sur	After rice, sweet peer (Sulatn F1 Emperor F1) bell pepper (Trinity F1, California F1) Tomato (Diamante Max) Bitter Guard (Galaxy F1) and string beans as hedgerow. Water supply is from the Tiagan 1 Model farm ast Sitio Baioes, Tiagan, San Emilio, Ilocos Norte
23	I	Gabriel Yanos	San Juan, Pasuquin, Ilocos Norte	After rice, most of the area was planted with garlis and squash as hedgerow. Part of the area was planted with tomato for PTD of FFS on veg
24	I	Armando Malangay	Sitio Cadayungan, taigan, San Emilio, Ilocos Sur	After rice, the area was relocated due to inaccessibility of water source. Area was planted tomato, sweet pepper, bell pepper, pechay, eggplant, bush sitao, string beans, hot pepper and ampalaya. 6 roll of irrigation hose was added to the existing irrigation hose owned by the cooperator
25	I	Richard Manuel	Brgy. Buduan, Burgos, Ilocos Norte	After rice, not all the area was planted due to limited supply of water flrowing in the nearby river caused about by scarcity of rai. Corn, tomato and eggplant was planted
26	II	Ms. Pacita Ramis	Sito, Salukan, Sabtang, Batanes	HVCDP
27	II	Edmundo Talosig	Libag Sur, Tuguegarao City	HVCDP
28	II	Elpidio E. Tiene	Pureg, Sanchez Mira, Cagayan	HVCDP
29	II	Mr. Jerry Resurrection	Sangbay, Nagtipunan, Quirino	CORN
30	II	Mr. Joselito A. Cabanayan	Bintawan Sur, Villaverde, Nueva Vizcaya	CORN
31	II	Albert E. Tabanggay	Gaddanan, San Mateo, Isabela	Along the road of the barangay, theres were planted coconut. Components of the farm are the following: Fish-pond integrate with duck, nursery, rice fish culture, vegetable production, mushroom production, ventilated training hut and taro along the dikes
32	II	Rufino A. Guillermo	Marasat Grande, San Mateo, Isabela	Components of the farm are the following: piggery (low cost swine production), banana, dragon fruit and papaya, seed production for rice and OPV vegetable, vegetable production, training hut, urban gardening, establishment or ornamental, chicken project and tree range and ducks
33	II	Jomar D. Jarvinia	Nueva Era, Cabatuan, Isabela	Components of the farm are the following: nursery, poultry (organize chicken) piggery, elevated vermiculture, fish pond (pangasius) rice, duck, hydrophonics, rabbit culture and mushroom culture

No.	REGION	COOPERATOR	LOCATION	BRIEF DESCRIPTION
34	II	Renato Berlan	Baung, Pait, Cagayan	Components of the farm are the following (vegetable production, fish pong (tilapia) cacao/coffee production, vermiculture, low cost swine production, chicken and duck production, fruit trees (coconut, papaya, mango etc) and low land rice
35	III	Mr. Joel A. Garcia	Wenceslao, Maria Aurora, Aurora	Vermiculture, Native chicken, Native pig, Nature's Input Concoction
36	III	Mr. Jordan S. Sibuma	Plaridel, Llanera, Nueva Ecija	Native pig, native chicken, vermiculture
37	III	Ms. Annette Padua	Sta. Barbara Bacolor, Pampanga	Sheep, goats, nursery garden, herbs, ducks, cow and mango production
38	III	Mr. Reynaldo P. Forto	Sisim Alto, Tumauini, Isabela	CORN
39	III	Mr. Eulogio Cabiles	Matarangkok, San Miguel, Tarlac	GAP CORN
40	III	Mr. Ernesto Perlas	Aulo, Palayan City, Nueva Ecija	CORN
41	III	Ms. Cynthia Tizon	San Roque, Magalang, Pampanga	HVCDP
42	III	Mr. Nemencio Concepcion	Mataas na Paranng, San Ildenfenso, Bulucan	HVCDP
43	IVA	Mr. Desiderio Llorca	Bangayan, Kitcharao, A.D.N.	Integrated
44	IVA	Mr. Bonifacio P. Jimota	Basilisa, PDI	Integrated
45	IVA	Ms. Gilda Navarra	Rojales, Carmen, A.D.N	Integrated
46	IVA	Center- Based	ATI-RTC 13	Integrated / Diversified
47	IVA	Mr. Victor Neil Palarca	Palo-Alto LS and Farm, Bgry. Palo Alto, Calamba City	Vegetables, Vermicomposting
48	IVA	Mr. Elpidio T. Lalap	MASIPAG Org. Community Farm, Brgy. Sirang Lupa, Calamba City	Vegetables, Vermicomposting, rootcrops, livestocks community garden
49	IVA	Mr. Rolando Remigio, Jr.	GK Hiyas ng Maynila International Farm, Brgy. Mapagong, Calamba City	Integrated (Veg., Livestock, rice, corn, fish culture) accommodation, farm house, lecture hall, vermicomposting
50	IVA	Mr. Giovani Armado	Mang Viani's Farm, Beunavista, Quezon	Vegetables (Coconut, livestock, vermicomposting
51	IVA	Ms. Melinda Evangelista	Brgy. Bagumbayan, Sta. Maria, Laguna	Integrated, vermicomposting
52	IVA	Ms. Maximiana R. Riego	Masikap Farm, Brgy. Ilayang Tayuman, San Francisco, Quezon	Intergrated (Vegatables, upland rice, pinaapple, cassave, fruit trees, bananan, rootcrops, livestock) lecture hall, vermicomposting
53	IVA	Mr. Romulo Ayag	Brgy. Pili, Sariaya, Quezon	Integrated Farming (fruit trees, vegetables, livestock) farm house, nursery etc.
54	IVA	Mr. Joel Frago	Forestwood Garden Resory, San Pablo	Integrated farming, training hall, accommodation

No.	REGION	COOPERATOR	LOCATION	BRIEF DESCRIPTION
55	IVA	Mr. Ruy Valente Polistico	Morningside farms, Brgy. Pangil, Amadeo, Cavite	Integrated farming, training hall
56	IVA	Ms. Normita Perez	Laly's Farmville. Brgy. Sisilmin, Cavinti, Laguna	Integrated farming (veg, legumes, fruit trees, swime, native chicken, training hall, dorm)
57	IVA	Mr. Emerson Atancio	Terra Verde Ecofarm, Inc. Pantihan Ods, Maragondon, Cavite	Integrated farming, training hall, rooms for accomodation, camp site, leissure zones
58	IVA	Mr. Ayrin Llorin	Cortijo de Palsabangon	Integrated farming (Vegetables, banana, coconut, fruit trees, livestock) training hall, roo,s for accommodation, camp site, restaurant
59	IVA	Mr. Mat Madarezo	Rodriguez, Rizal	HVCDP
60	IVA	Apolonio Torres/Ulango Farmers Organization	Brgy Ulango, Calamba City, Laguna	Rice, corn, cassava, vegetable, livestock and CSB warehouse
61	IVA	Reynaldo Dela Rea	Sitio Concepcion, Brgy Lancaan II, City of Dasmarinas, Cavite	Bahay kubo. 20 chicken, planted with corn, banana, mango, cassava, watermelon, bottle gourd, squash and upland rice
62	IVA	Dr. Norma Bautista	Sitio Panuca, Brgy. Butucan, Nasugbu, Batangas	Planted on peripheral area were 50 papaya trees and in hilly/slope areas were planted with gourd (Upo) and eggplants associated with okra and tomatoes. Livestock such as chicken and goats are being raised wherein organic materials like dung/manure are collected to be used as organic fertilizer for the crops
63	IVA	Joven Albanio	Brgy. Alipit, Magdalena Laguna	Upland rice and vegetables
64	IVA	Pinagbayanan Farmers Association	Bry, Pinagbayanan, Pagbilao Quezon	Planted with sweet potato, pole sitao, Livestock: carabao, ducks, chicken, cattle and swine
65	IVA	Randy Donato (LFT)	Brgy. Mamuyao, Tanay Rizal	2,300 sq m irrigated rice 2 200 sq m rainted rice
66	IVB	CAGUFA	San Teodoro	Nursery, Org. Chicken, organic fruits Abaca by-products
67	IVB	Ms. Anita Pagcaliwagan	Anits Garden, Sampaguita, Naujan	Vermi Org. Rice, Chicken, Fruits, Ornamentals
68	IVB	MOFA-EDGAR Laylo	Jireh Farm, Dao, Naujan	Org. Rice, Organic Vegetables, MOFATABA
69	IVB	Mr. Pablo De Ocampo	Tres Barakos, Antonino, Victoria	Organic Fruits, Chicken, Compost
70	IVB	Mr. Camilo M, Magnaye	Bercenaga, Naujan	Organic Vegetables, Organic Kainan, Organic Tilapia
71	IVB	Mr. Randy Balderas	Mamburao, Occ. Mindoro	Organic Rice, Organic Vegetables, Vermi and compost and BOALs
72	IVB	LGU San Jose	San Jose, Occ. Mindoro	Organic Vegetables and Organic Tilapia
